

*This packaging preparation area features a continuous work surface that frames the room perimeter. Overhead cabinets provide storage and built-in task lighting illuminates the countertops. All surfaces and the wall-mounted tack board are framed in our exclusive aluminum extrusions for durability.*

## *Mail and Packaging Areas*

*Hamilton's Modular Casework solutions provide storage options that complement our aluminum framed Master Series consoles.*

*With custom details like architect specified handles, framed tack board wall coverings and task lighting, Hamilton's Modular Casework is an economical alternative to custom millwork, and stainless steel and chemical/bacteria resistant surfaces are options. Our cabinetry is sized to provide the same wall-to-wall fit and custom look as millwork, but with the precise fit and finish that can only be achieved with computer-driven factory production.*

---
